YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$300 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight stinging or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause which is the second stage of seminal weakness. Dr. Spinney guarantees a perfect cure in all such cases and a healthy restoration to the urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11. Consultation free. Thorough examination and advice \$2.

A TEXT FOR A SERMON.

The notice which appeared in the JOURNAL a few days ago of the terrible tragedy in New York, wherein the wife of Dr. Seguin looked herself and her five little children in a room, and after deliberately murdering the children, took her own life, is still fresh in the minds of all. A dispatch from New York attributes the awful deed to religious frenzy. The lady was a devout Christian, and her husband was an unbeliever—an infidel. Intimate friends of the family say it had been the dream of Mrs. Seguin's life to convert her husband. Disparaging of this she thought the course pursued the only one to save the children from his irreligious influence.

STAND BY LEONARD.

Hon. O. R. Leonard, the present Chief Justice of Nevada, and the Republican candidate for re-election to the Supreme Court Justiceship, has won golden opinions during the four years he has so ably filled the position. The Carson Appeal says he seldom loses an old friend. He is stronger to-day in the esteem of Nevada people than ever before. His name adds a dignity and power to our ticket that is excelled by no other candidate. A faithful and honest servant of the people; an industrious laborer in his station; a learned and upright Judge, he is worthy the support of all.

HURRAH FOR HARRISON.

Congressman Taylor, General Garfield's successor in the House, when questioned as to his preference for the next Presidency, said: "My choice of all the candidates is Benjamin Harrison, of Indiana. He is a man of well rounded character, pronounced views and great ability, and he is absolutely impregnable in his personal popularity and party affiliations. Such a nomination would unite the party. It would be advantageous because Indiana is a doubtful State. Harrison is popular and would be strengthened by his family traditions. He is the grandson of William Henry Harrison. In character and ability he is second to no one who has been talked of."

VOTE INTELLIGENTLY.

The candidates for office of both political parties, in this State and county have made their canvass thoroughly, and in their different positions are before the people who can now make their choice intelligently. Every voter in Washoe should carefully consider, before casting his ballot, that he is voting for a person who is qualified to fill the position to which he aspires, and who will honestly and faithfully perform the duties of the office, if elected. Upon such basis the Republican candidates, both State and county, are willing to take their chances.

Kind Words for Democrats.

If you are weak or languid, vote the Republican ticket.
If your flesh is flabby and your complexion sallow, vote the Republican ticket.
If worn down with care, vote the Republican ticket.
If you have the malaria, vote the Republican ticket.
If you have got the blues, vote the Republican ticket.
If you have kept late hours and been dissipated, vote the Republican ticket.
If you feel old before your time, vote the Republican ticket.
If your need tuning up, vote the Republican ticket.
If you drop Democracy and lay hold on Republicanism you will feel as if you had a new lease of life.

An Accurate Spaniard.

About six years ago an eccentric Spaniard lived in Keokuk, Iowa. He went from there to Spain, where he died last August. He had an only child, a girl 13 years old, and it seems that he wanted her raised a Protestant, and in his eccentricity named George Bland, a colored blacksmith, as her guardian. He made a contract with a priest in Spain for the carrying out of his will, which provides that the priest is to receive \$68,000 in case the conditions of the will are fulfilled; otherwise nothing. George Bland, the colored man, is to have the same amount and the guardianship of the child, who gets \$360,000 and a large amount of diamonds and jewelry. Bland is now on the way to Spain to look after the matter.

The Man who Tried to Kill Edwin Booth.

The habeas corpus case of Mark Gray, who tried to shoot Edwin Booth, on an application for his release from the Elgin insane asylum, began at Quincy, Ill., Friday. Gray occupied the witness stand nearly all day. He gave a clear and connected statement of his doings up to the time of his attempt on the actor's life, and the cross-examination failed to confuse him or lead him into contradictions.

FLASHES.

Five white intruders have been bounced from the Standing Rock Agency, Dakota.

The Paris Voltaire says that ex-Empress Eugenie has made her will in favor of Prince Victor Napoleon.

Henry Ward Beecher has taken the stump in New York for Cleveland, the Democratic candidate for Governor.

"Rattlesnake Jack," a noted desperado, resisting arrest, was killed by a Deputy Sheriff at Boise City Friday.

There is still great excitement at Ashland, Kentucky, over the consequences of the mob violence of Wednesday.

The steamer Abyssinia, from Liverpool to the United States, brought 423 Mormon passengers, of whom 28 are returning missionaries.

Alexander H. Stephens was inaugurated Governor of Georgia last Saturday in the presence of an immense throng. He has positively refused to be a candidate for the United States Senate.

Governor Hoyt, of Pennsylvania, congratulates the "bolters" on their courage, but declines to preside over their meeting, because he did not believe one holding a State office should thus mingle in politics.

A band of hostile Indians, numbering about fifty, made a raid on a ranch near the town of Musachexa, Mexico, Wednesday night, seizing fifteen or twenty persons and capturing a lot of stock. They then made good their escape.

Melville declines at present to discuss the charges of Collins against himself and De Long in the Jeannette affair. Mrs. De Long has engaged counsel to appear before the Naval Board of Inquiry and defend her husband's memory.

In the case of Soteldo, at Washington, charged with the murder of his brother, a verdict of "not guilty" was rendered. Defendant was admitted to bail in the sum of \$1,000 on a charge of assault to murder Clarence W. Barton.

W. W. Robins, of Elko, publishes a notice in the local paper informing the public that the matrimonial knot existing between himself and wife has been untied by mutual consent. Rather a pleasant way of doing business, we should say.

The widow of General "Stonewall" Jackson and her daughter, a young lady of nineteen years, are now living in Cleveland, Ohio. Mrs. Jackson left the South because she was there compelled to mingle with society, and could not find the retirement and rest that her health demanded.

A Cleveland, Ohio, firm has been awarded the contract for the great bridge at Toledo, of a length of 2,000 feet. It consists of one wrought iron draw, span 340 feet, the longest in that State, and nine spans of 180 feet, the longest in that State, and nine spans of 180 feet each.

Baron Wilhelm Rothschild of Frankfurt is so strict a Jew that during his recent tour through Switzerland he was accompanied, not only by his ritual cook and butcher, but also by ten devout persons of his own religion, who went solely for the purpose of praying with him, as, according to Mosiac law, a congregation must consist of at least ten worshippers.

The record shows that since last August, the date when the Chinese restriction law went into effect, 3,265 Chinese have left the port of San Francisco for China, and that only about one-third of them provided themselves with return certificates; so that the law has had the effect of ridding the country of two thousand of these pestilential creatures within three months.

The King of Corea has issued an edict declaring that the disorders in his dominion were evidently due to his own misadministration of Government affairs, and ordering that the insurgents who have been captured be released. This step has been taken by the King for the purpose of assuring the allegiance of his subjects to himself if the Governments of China or Japan should renew their attempts to annex Corea.

Destitution in Ireland.

The Irish Times' correspondent says: "Great distress exists in County Clare, owing to the failure of the potato crop, an epidemic among the pigs and the dear prices demanded for all articles of food, which is caused by the tax levied on farmers by the Crimes Act, and which has proved a very heavy burden. The county presents a most melancholy and uninviting appearance. Fields and meadows are deluged with water, and men, women and children, pigs, calves, cows, dogs and chickens, are all herded together in one conglomerate mass, in miserable dwellings unfit for the habitation of any human being. The parish priest at Milltown-Malbay writes a gloomy letter to the Dublin Freeman's Journal, stating that before two months have passed, at least one hundred families of the poorer people in his parish will be utterly destitute and compelled to depend on charity for sustenance. He appeals for aid to prevent them from starving."

The House of Commons.

Sir Charles Dilke, the Under Foreign Secretary, announced on Friday that none of the great powers had made any representations concerning Earl Dufferin's mission. The Porte had made a representation, but the Government sent a satisfactory explanatory note stating that no change in diplomatic relations was intended, and with that assurance Turkey expressed herself well satisfied.

The debate on the closure was resumed and Sir William Vernon Harcourt, Liberal, moved as an amendment to the pending measure that it should require five-eighths of the members present on any occasion to put the closure in operation.

Gladstone objected to this amendment as being substantially the same as that for a two-thirds majority which the House voted down. It was open to the same objections.

Sexton made a speech, the purport of which was the Irish party pinned their faith neither to the Government nor to opposition. They declined to place power in the hands of the Conservative leader by making it necessary to get his assent for the operation of the closure. On Harcourt's amendment the vote stood, nays 146, ayes 70. Debate continued till midnight. W. H. Smith, Conservative, proposed an amendment, supported by Stanley Criss, for recording a protest against the closure in the journal of the House, if ten members wished.

Gladstone, John Bright and Harcourt opposed the amendment, which was rejected—67 to 98.

General Crook to the Apaches.

The Star's special from San Carlos of the 25th says: General Crook held a final conference with the Apaches this morning. Every male Indian on the reservation, capable of carrying arms, not excused on account of sickness, was present. The Indians were told the time had come for them to make their own living and govern themselves. After being among them nearly two months, studying their wants, General Crook is sorry to find how little progress, if any had been made towards civilization and self-support, while the majority are not so well off to-day as they were over eight years ago when he left them. They were fortunate, at least, in having a good agent now, but he might leave at any time, and one might come instead as bad as some of those of whom they complained so bitterly. In future the troops would not serve as a guard while the Apaches were being robbed and oppressed, but the Indians themselves must, as far as possible, defend their own right. Their present locality being unsuited either for farming or grazing permission would be given them to select suitable lands on the reservation for cultivation, under care of chiefs, who would be held responsible for the discipline and behavior of the respective band. The chiefs would be assisted by enlisting as soldiers some of the tribe, who would habitually reside among their own people, selections to be made with regard to character, influence and aptness to acquire the new duties expected of them. White soldiers are not to be employed except in cases where the Apaches failed to govern themselves, the Indians must learn dependence upon themselves for their future.

The address was listened to with close attention by more than twelve hundred warriors who were present, and who seemed greatly impressed by the counsel given.

France and Egyptian Control.

Brediff, French Controller, has sent to Oufif Pasha, President of the Egyptian Council, asking to be informed why European control cannot be established by a decree. The Khedive has not been invited to attend the Council of Ministers. The letters of Brediff are regarded in diplomatic circles as a question of European control to an immediate issue, without awaiting the general setting of Egyptian affairs, as proposed by England.

One of the most encouraging signs of the times is the number of young men who are Republicans, and taking an active part in the campaign.

BREVITIES.

Look well to your ballot!
Pay no attention to campaign lies.
The Truckee river continues to boom.
The latest in the market is "White Bys," to be had only at the Arcade.
This being a general holiday there will be no JOURNAL to-morrow morning.
At the meeting last night short, pithy speeches were made by all the local candidates.

Jack Foulke, of Essex, was in town yesterday surveying the political situation.

The mud and slush in the streets caused by the late rains are rapidly drying up.

Those who fail to provide themselves with a bottle will go dry to-day, as the saloons are all closed.

If you want to go home to your family to-night with a clear conscience, vote the Republican ticket.

If you wish to be represented in the Legislature by gentlemen of ability, vote for the Republican nominees.

Let Republicans remember that delays are dangerous. Get to the polls early and vote—early and often.

The District Court will be in session Thursday, the 9th, at which time Mrs. Boynton will receive her sentence.

Sierra Valley farmers find Reno a convenient market for all the butter, eggs and cheese the farmers can produce.

A colored man named Abram Gray, a hostler at Brigham's stable at Truckee, was found dead in his bed Saturday morning.

A card from the Republican nominees for the Legislature will be found in another column and should be read by every voter.

The funeral of Mrs. Kenelly took place from the Catholic Church yesterday and was attended by a large concourse of friends.

Twelve inches of snow fell at Bragg & Schooning's sawmill in Long Valley, in consequence of which logging was suspended for a few days.

Sam Stanaway was out yesterday morning delivering express matter for Wells, Fargo & Co., in a brand-new rig just imported from the East.

Carson and Ormsby county is "aching" Powning because he is from Reno and Washoe county. Reno ought to stand by him.

Mrs. W. J. Tucker arrived in Reno Sunday evening from Vermont, and will remain with us several weeks, visiting her daughter, Mrs. Pierce Evans.

The streets had quite a holiday appearance yesterday and last night. Everybody seemed to have quit business and are preparing themselves for the bottle to-day.

A neat 11-stone ring diamond, one of the designs, taken in pawn, with a lot of other diamonds, will be sold at a sacrifice, \$85. Come and see it. Uncle Harris, 221 Kearny street.

A dispatch from Eureka states that James E. Anderson, who was shot at that place Friday morning, died yesterday. This is the saddest event that has occurred during this campaign.

Notwithstanding the fact that all the saloons in town are closed, the White House is open and prepared to furnish you with anything in the clothing line, from a necktie to a broadcloth suit.

The recent heavy storms in the Sierras has forced most of the mills in and around Truckee to shut down for the winter, which is destined to make business very dull for Truckee for months.

There was a vast deal of earnest political talk on the streets and elsewhere, yesterday and last night. The probabilities are that every voter knows about what he wants to do by this time, and to offer advice now would be love's labor lost.

The west-bound passenger train Sunday morning ran into a large rock on the track near Crystal lake, smashed both engines badly and tore down 70 feet of snow-shed, severely injured the engineer and fireman and instantly killed a tramp. The passengers were not injured, but had a very narrow escape.

A Double Engagement.

Last Sunday evening quite a number of Jewish friends assembled at the house of Isaac Barnett, Esq., to witness the matrimonial engagement of their daughter Josephine to Mr. Emrich, and also the engagement of Miss Fannie Peyser, of Susanville, to Mr. Philip Ash, of Reno. The high contracting parties have our best wishes for their future happiness.

To the Public.

Referring to the course pursued by the Plaindealer and the honorable gentlemen who are seeking their own political advancement in persistently affirming that the Republican nominees for the Assembly are pledged and intend to secure an appropriation of a large sum of money to reimburse the asylum contractors, we desire to say that the charge is maliciously false. Whoever originated this brilliant campaign lie is entitled to credit for his originality. The facts are that \$8500 48 due the contractors have been allowed by the Board of Examiners. The Controller offers to draw his warrant for \$1700, but refuses to draw a warrant for \$1800 48 on technical grounds. Thus, it is seen, there is only \$1800 48 at issue, which the Board has already allowed as being justly due. If a bill to authorize the Controller to draw his warrant for this sum shall be offered and it shall appear that the contractors have honestly expended this sum, we will vote to pay this sum as the honest debt of the State, and not one dollar more. And, further, we never heard of any other or different proposition.

Timber in Plumas.

The Greenville Bulletin says Mr. McIntosh of Boca, and Mr. Grant of Reno, gentlemen who have long been connected in the lumbering business, spent several days in Indian Valley last week. Both gentlemen say that for extent and quality they have not seen anything more valuable than the forests of Plumas county. With facilities for transportation they are certain the lumber from these forests would be of immense value. West from Greenville there is a tract containing much finer lumber than any seen by Messrs. McIntosh and Grant, and estimated by good judges, who know the country well, to contain 2,500 square miles of as good timber land as can be found on the continent, and where the sound of an ax has scarcely yet been heard.

A Sad Death.

Annie Harnett, niece of Miss Harney died here about 12:15 yesterday morning of typhoid pneumonia, having been ill but a few days. She was nearly seventeen years of age, and a strong, healthy girl who looked as if she had a long life before her; but she had to succumb to the dread disease, which seldom loosens its hold upon a victim. The young lady had many friends in Reno, though she had been here less than six months. She came to Reno from Boston last July. She was an interesting girl, and many a tear will drop when tidings of her untimely death are learned. The funeral will take place from Miss Harney's residence, on Virginia street, Wednesday morning at 10 o'clock. At half-past 10 there will be a requiem mass at the Catholic Church.

Too Late.

The political battle comes off to-day and we deem it too late to praise or criticize candidates, for this reason, if for no other, if a mistake should be committed, even unintentionally, there would be no opportunity to correct it. We deem it but just and fair to refuse at this late hour to publish communications reflecting on the character of candidates running for office. The JOURNAL will never intentionally attack any candidate without giving him ample opportunity to defend himself. There has been plenty of time for all this since the nominations were made, and if advantage was not taken of it it is too late now for good men might be made to suffer by the malevolence of personal enemies.

Railroad Accidents.

A large boulder fell from the sidehill on the Central Pacific Railroad track about a mile above Martinez, Friday, and as a freight and passenger train, No. 22, going west, rounded the curve the engine struck it and bounded over the bank into San Francisco bay, carrying several cars, all of which are badly broken up. A number of cattle belonging to Lux & Miller were killed, and the engineer slightly hurt.

Edward Perkins, a brakeman on the O. P., was caught between the bumpers and crushed to death at Lathrop, last Friday.

A Boat for Walker Lake.

J. L. Stoner, the popular landlord of the Lake View House at Hawthorne, is building a boat for use on the blue bosom of Walker Lake. It will be large enough to carry twenty persons and will be cat-rigged, a style much in vogue on the rivers and bays of this coast. Walker Lake is just the place to enjoy a delightful sail, and much pleasure will be taken by the people of Hawthorne with Mr. Stoner's sail boat.

Novadans Turning up.

J. M. Woodworth, formerly of Elko county, Nevada, is the Republican candidate for Justice of the Peace of Hailey township, Alturas county, Idaho. Charley Drum, also an old Elkote, is the Democratic nominee for Constable of Bellevue precinct, in the same county. His Republican opponent for the same office is W. F. Shepherd, who formerly kept a saloon at Virginia City.

California Racers.

Attached to the regular train Sunday evening was an express car of the Chicago, Burlington & Quincy Railroad, in which were some of the flyers that have been astonishing the sports east of the Continental Divide, among which were "Duchess of Norfolk," owned by Theo. Winters, of San Francisco. She won the mile and a half dash at Sheephead Bay in 2:38 1/4, but lost the race on some claim of foul.

"Sunday," a three-year-old filly, which ran a dead heat at Long Branch, there being eight starters.

"Grismore," a two-year-old won a three quarter mile dash at Chicago in 1:17 1/4.

"Galo," a two-year-old, won a mile dash at Baltimore in 1:45 1/4. He is owned by Lucky Baldwin, who has refused \$15,000 for him. Lucky B, named after Mr. Baldwin, made a mile at Sheephead Bay in 1:45 1/4, and a three-quarter mile dash in 1:27. Clara D won two races at Chicago and one at Fairmount Park.

There were several other valuable horses, most of which belonged to Mr. Baldwin, of the Baldwin Hotel, San Francisco, valued at \$12,000 and under.

Truckee Notes.

Over one foot of snow fell in Truckee during the late storm. At the Summit the snow is reported to be three feet deep. The storm has greatly interfered with the rebuilding of the burnt district in Truckee.

James Sherrett, entirely abandoning all hopes of erecting his fine hotel, has placed an extremely large shanty on the plaza and gone into it for winter quarters. Others are following his example.

In response to a petition generally circulated and signed by many citizens of Truckee, a public meeting was held in Bittencourt's building to inquire into the true origin of the late conflagration. A committee of examination was appointed, and the numerous witnesses called by them gave such strong circumstantial evidence against one Paul Meuk, the proprietor of the brewery where the fire broke out, that some of the committeemen say that they will, without doubt, in their report to be delivered on Tuesday next, recommend that Meuk be examined in a Court of law on a charge of arson.

Republican Meeting.

The Republicans had a big rally at the Theater last night. Speeches were made by Leete, Varian, Fish and others. Owing to the muddy condition of the streets the torchlight procession had to be abandoned, but the boys had a good time at the Theater and all left determined to vote the ticket straight.

Many Thanks.

Joseph Brotherton and his sister Mary Alice Brotherton return their most heart-felt thanks for the kindness and attention shown during the late illness and death of their mother, Mrs. S. M. Drannan, and hope and desire to requite the same by every future means in their power.

The Coal Supply.

When the supply of coal gets short elsewhere, the world can turn to China for "black diamonds." Baron Richthofen shows that in that country the supply of anthracite coal is not less than 630,000,000,000 of tons, and the bituminous coal area is just as large. The Baron thinks that, taking what is left in other parts of the world with the Chinese coal area, we need not fear a fuel famine. He thinks that the supply in the Chinese province of Shansi alone will last the world about 4,200 years.

Now is Your Chance.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few simple remedies of the age. Sold at 25c. a box everywhere.
